

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

Conference - Scientific Report

COST Action IS1405

Building Intrapartum Research Through Health – an interdisciplinary whole system approach to understanding and contextualizing physiological labour and birth (BIRTH)

<https://eubirthresearch.wixsite.com/eubirthconf18>

Meeting date: Monday September 17, 2018 to Tuesday September 18, 2018

Venue: University Institute of Lisbon (ISCTE-IUL), Lisbon, Portugal

Meeting Type: Conference

Local Organiser Institution: University Institute of Lisbon (ISCTE-IUL), Lisbon, Portugal

Attendance: The conference had 247 registrations and had 229 delegates attending. The attendance sign-in sheet was signed by 203 delegates on day 1, and by 182 delegates on day 2.

Organising Committees

Local Organising Committee

- Mário Santos (Chair) // ISCTE-IUL
- Sónia Cardoso Pintassilgo // ISCTE-IUL
- Dulce Morgado Neves // ISCTE-IUL
- Joanna White // ISCTE-IUL
- Marta Matos // ISCTE-IUL
- Susana Silva // ISPUP
- Sílvia Rodrigues // Braga Hospital

Conference Programme Committee

- Ramón Escuriet (Chair) // CatSalut & U. Pompeu Fabra

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

- Mechthild Gross // Hanover Medical School
- Anastasia Topalidou // UCLan
- Lucy Frith // U. Liverpool
- Deirdre Daly // Trinity College Dublin
- Ibone Olza // U. Alcalá
- Olga Gouni // Cosmoanelixis
- Marie-Clare Balaam // UCLan
- Soo Downe // UCLan
- Mário Santos // ISCTE-IUL

Scientific Committee

- Sarah Church (Chair) // London SBU
- Jean Calleja-Agius // U. Malta
- Andee Agius // U. Malta
- Francesca Wuytack // Trinity College Dublin
- Slobodan Sekulic // U. Novi Sad
- Valerie Fleming // Liverpool John Moores U.
- Heidi Preis // Tel Aviv U.
- Patrick S. Moran // Trinity College Dublin
- Elena Skoko // OVOItalia & U. "Roma Tre"
- Priscilla Joy Hall // Emory U.
- Andria Spyridou // European U. Cyprus
- Maria Kazmierczak // U. of Gdansk
- Zada Pajalic // Oslo Metropolitan U.

Invited Speakers

- Soo Downe // University of Central Lancashire, UK
- Mechthild Gross // Hannover Medical School, Germany
- Anastasia Topalidou // University of Central Lancashire, UK
- Lucy Frith // University of Liverpool, UK
- Deirdre Daly // Trinity College Dublin, Ireland
- Ibone Olza // University of Alcalá & El Parto es Nuestro, Spain
- Olga Gouni // Cosmoanelixis Prenatal and Life Sciences, Greece
- Claudia Meier-Magistretti // Lucerne Univ. of Applied Sciences and Arts, Switzerland
- Ramón Ecuriet // CatSalut & Univ. Pompeu Fabra, Spain
- Ole Olsen // University of Copenhagen, Faculty of Health Sciences, Denmark
- Patrick Moran // Trinity College Dublin, Ireland
- David Elvira // Director of the Catalan Health Services, Spain
- Marie - Clare Balaam // University of Central Lancashire, UK
- Claudia Hanson // Karolinska Inst., Sweden & LS of Hygiene and Tropic. Medicine, UK

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

- Kerstin Uvnäs-Moberg // Univ. of Agric. Sciences, Dep. of Animal Physiology, Sweden
- Nicoletta Setola // Dep. of Architecture, University of Florence, Italy
- Yoana Stancheva // Zebra Midwives, Bulgaria
- Sara do Vale // Eur. Network of Childbirth Associations & APDMGP
- Rita Borg-Xuereb // International Confederation of Midwives
- Diogo Ayres-de-Campos // FIGO Com. Safe Motherhood and Newborn Health & EAPM

Programme

Monday, September 17, 2018

8:00am / Registration, Coffee & Networking

9:00am / Welcome: an overview of COST Action IS1405 BIRTH

- Soo Downe - Chair of COST Action BIRTH

9:15am / Plenary 1: Physiology. Compassion. Change. 4 years of COST Action BIRTH

- Biomedicine, epigenetics and the hygiene hypothesis in childbirth // Mechthild Gross
- The mechanics and bioengineering of pregnancy and labour, through an interactive model of knowledge-based approach and innovation // Anastasia Topalidou
- Socio-cultural and ethical aspects of maternity care: research possibilities and challenges // Lucy Frith
- Exploring organizational characteristics, contexts, cultures and economic costs - the need to be organised! // Deirdre Daly
- The psychological experience of physiological childbirth // Ibone Olza
- After research, what? From academia to the community // Olga Gouni
- Change through science and intuition: Think Tanks and Training Schools in COST Action BIRTH // Claudia Meier-Magistretti

11:15am / Break & Poster session

11:45am / Parallel sessions A

A.1. Biomedicine I

- 8256 // Effect of Yoga on Maternal and Foetal outcome among Antenatal women // Savitha Pramilda Dsouza et al.
- 8279 // Effects of medical and operative birth interventions on children's health outcomes: a linked data population-based cohort study // Lilian Peters et al.
- 8322 // Demographic and obstetrical factors associated with adverse maternal and perinatal outcomes in pregnant women with preconceptional obesity // Jordi Bellart et al.
- 8325 // Lifelines NEXT, adding the next generation to the family-based Dutch Lifelines cohort study // Willemijn Warmink-Perdijk et al.

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

- 8700 // Differences in Early Gut Microbiota Development according to Mode and Place of Delivery // Izaskun Garcia-Mantrana et al.

A.2. Biomechanics & Bioengineering I

- 8328 // Computational modelling and simulation of umbilical cord's fluid dynamic, heat transfer and structural properties // Dorothea Kasiteropoulou; Anastasia Topalidou
- 8332 // Utilising entropy analysis as a method to assess fetal wellbeing by extracting cardiocography signals // George Tzagarakis et al.
- 8349 // Contribution to the development of a clinical decision support system to optimize childbirth outcomes // Dulce Oliveira et al.
- 8362 // Enabling maternal physiological birth: A systematic review of midwives' practices during the second stage of labour // Maria Healy et al.
- 8497 // Detection of fetal position based on thermal imaging proprietary algorithm // Anastasia Topalidou et al.

A.3. Socio-cultural Perspectives I

- 8291 // A concept analysis of the term migrant women in the context of pregnancy // Melanie Haith-Cooper et al.
- 8294 // Every childbearing woman has the right to understand what happens to her and her baby // Jessica Pehlke-Milde et al.
- 8466 // A review of perinatal social support interventions for asylum seeking and refugee women resident in Europe // Marie-Claire Balaam
- 8614 // Babies Born Better - migrant women's birthing experiences within Europe // Eva Duda-Mikulín et al.
- 8666 // Engaging communities to provide culturally sensitive care to migrant women // Hora Soltan et al.

A.4. Organisational Perspectives I

- 8255 // Why all these cesarean sections -Is advanced maternal age an explaining factor? A register-based study // Eva Rydahl et al.
- 8183 // Intact perineum: what are the predictive factors in normal vaginal birth // Silvia Rodrigues; Paulo Silva
- 8363 // Oxytocin infusion regimens in eleven countries – variations, interpretations and implications // Deirdre Daly et al.
- 8365 // A cluster randomised trial of an intervention to increase vaginal birth after caesarean section (OptiBIRTH) // Cecily Begley et al.
- 8299 // Variations in childbirth interventions in high-income countries: a multi-national cross-sectional study // Anna Seijmonsbergen et al.

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

A.5. Neuro-psycho-social Perspectives I

- 8309 // Concept Analysis of Empowerment in Childbirth // Marianne Nieuwenhuijze; Patricia Leahy-Warren
- 8377 // Influence of water immersion during birth process on women's experience from a salutophysiological point of view // Béatrice Rouiller
- 8619 // Women's childbirth experience and her experience of the first week postpartum: is there a relationship? // Corine Verhoeven et al.
- 8678 // Towards fulfilling birth in Poland – psychological predictors and correlates of birth satisfaction // Paulina Pawlicka et al.
- 8340 // Healthy mothers - Happy children: Prenatal assessment for psychosocial factors in public hospitals of Cyprus Republic // Andria Spyridou et al.

A.6. Dissemination of Academic Knowledge I

- 8395 // Improving architecture in maternity care. The case of Reggio Emilia Birth Centre // Eletta Naldi et al.
- 8627 // Identifying the evidence for planning birth at home: A systematic review // Patricia Gillen; Maria Healy
- 8682 // Antenatal Care for Low Risk Women: Is Portugal in the right Track? // Andreia Gonçalves; Isabel Ferreira
- 8333 // Implementation of Midwifery Continuity of carer in UK // Lia Brigante; Mary Ross-Davie
- 8629 // Barriers and facilitators for the implementation of the NICE intrapartum guidelines recommendation on place of birth for women with uncomplicated pregnancies // Ellen Thaelts et al.

13:00pm / Break for lunch

2:30pm / Plenary 2: Making change happen in maternity care

- Bringing Midwifery Led Units in the public health system // Ramón Escuriet
- From evidence to implementation - a seven-year voyage with the Cochrane Review on home birth // Ole Olsen
- Health economics in maternity care – putting evidence into practice // Patrick Moran

3:35pm / Special session - Women's participation in policy-making

- David Elvira - Director of the Catalan Health Services & Secretary General for Citizenship and Participation

4:00pm / Break & Poster session

4:30pm / Plenary 3: Towards a sustainable approach to childbirth worldwide

- What women say is excellent: insights from the Babies Born Better Survey // Soo Downe (on behalf of Marie-Clare Balaam)

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

- Too little too late, too much too soon: What are the issues in putting guidelines into implementation // Claudia Hanson

5:30pm / Parallell sessions B

B.1. Socio-cultural Perspectives II

- 8327 // Fear of childbirth: Cross-validation and comparison between two cultures // Yael Benyamini et al.
- 8668 // Reaching out to ethnic communities to tackle poor perinatal mental health // Hora Soltani et al.
- 8672 // Negative work and family interactions the first year after motherhood // M^a Angeles Martinez-Real et al.
- 8688 // Childbirth experience affects the changes in maternal self-esteem from pregnancy to postpartum period // Lea Takács et al.

B.2. Socio-cultural Perspectives III

- 8245 // Obstetrical technologies and women's confidence in their capability of giving birth: divergent paradox? // Raymonde Gagnon
- 8297 // Women's experiences of pain in labour: developing the case for a salutogenic approach to childbirth pain // Elizabeth Newnham
- 8282 // Analgesia during childbirth: study on the influence of nationality and education // Andrea Santiago López
- 8241 // Alternative forms of medicalization for the reduction of C-section. Rethinking places of birth in historical perspective: from the Genoa Birth Centre to the Italian Birth Centres Network // Sandra Morano; Eloisa Betti
- 8280 // Factors influencing decision-making for caesarean section: An Irish perspective // Sunita Panda et al.

B.3. Socio-cultural Perspectives IV

- 8317 // How do we measure quality maternity care? The importance of women's birth experiences in Florence, Italy // Michaela Wallerstedt
- 8643 // Mothers' views about care provided during childbirth in the Netherlands // Maria Villamarin; Rofayda Tagmount
- 8238 // Construction of autonomy through the feminist discourse of birth // Sivan Lienhart; Yehiel Michael Barilan
- 8667 // Midwives' and health visitors' perspectives and experiences of breastfeeding support for overweight and obese women // Yan-Shing Chang; Debra Bick
- 8235 // It just stays in your mind: Midwives experience of attending acute circumstances during childbirth // Sigfridur Inga Karlsdottir

B.4. Organisational Perspectives II

- 8423 // Childbirth environment and health. Architecture's contribution to and impact on intrapartum maternity care // Nicoletta Setola et al.

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

- 8621 // Emerging alternatives in maternity care in Greece // Myrto Chronaki
- 8633 // Spatial parameters for the analysis of childbirth environment // Grazia Giulia Cocina et al.
- 8641 // Childbirth environment and interaction between midwife and mother. An anthropological approach to built environment and its impact on intrapartum maternity care // Liv Bodil Eide et al.
- 8669 // Sensory-perceptive integrated design approach for birth spaces // Alessia Macchi

B.5. Organisational Perspectives III

- 8673 // The European Midwifery Unit Standards: a tool for implementing and improving midwifery units // Lucia Rocca-Ihenacho et al.
- 8632 // Medicalization of childbirth and the role of midwives // Margrethe Nielsen
- 8662 // “This is what being a midwife is” – Redefining midwifery through home births // Mário Santos
- 8329 // Midwives marching to own drum in the Baby Factory - other professions perspective of midwifery work in labour wards // Malin Hansson et al.
- 8680 // Midwives' experiences of the factors that facilitate normal birth in public hospitals in Catalonia // Anna Martin et al.

B.6. Organisational Perspectives IV

- 8656 // Obstetric Violence as Epistemic Injustice // Sara Cohen Shabot
- 8253 // Abuse and disrespect in childbirth: results from the first Italian community-based survey // Elena Skoko et al.
- 8416 // Midwives' and doulas' views of respectful and disrespectful care in the Czech Republic: an online survey // Natalie Sedlicka et al.
- 8610 // Experiences related to obstetric violence of women treated in the public health services of the Metropolitan District of Quito during pregnancy, delivery and postpartum // Magriet Meijer; Thaís Brandao
- 8654 // “Just a little help”: a qualitative inquiry into the persistent use of uterine fundal pressure in the second stage of labor in Spain // Nicholas Rubashkin; Ramon Escuriet

7:00pm / End of day 1

Tuesday, September 18, 2018

8:00am / Coffee & Networking

9:00am / Welcome back!

- Chairs of the Organising Committees

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

9:15am / Plenary 4: Unveiling the complex physiology of normal labour and birth

- Enabling positive childbirth: woman-staff relationships and maternal physiology in labour and birth // Soo Downe
- The oxytocin effect // Kerstin Uvnäs-Moberg

10:15am / Break and Poster session

10:45am / Special Poster Session

SPS.1. Biomedicine II

- 8657 // The effects of induction of labor prior to post-term in low-risk pregnancies: a systematic review // Mette Juhl et al.
- 8639 // Consequences of caffeine consumption during pregnancy // Silvia Piqueras Villanueva et al.
- 8646 // Need for supplementation with vitamin B12 during pregnancy and breastfeeding // Lorena Mera Rodriguez et al.

SPS.2. Biomechanics & Bioengineering II

- 8295 // Efficiency of the modified Sims maternal position in the rotation of persistent occiput posterior position during labor: A randomized clinical trial // Vanessa Bueno-Lopez et al.
- 8624 // Position- the little known pressure system creating outcomes in birth // Gloria Esegbona
- 8625 // Wrong leg position during pushing and second stage outcomes: a global public health crisis // Gloria Esegbona

SPS.3. Socio-cultural Perspectives V

- 8357 // Structured organisation of postpartum care: benefits for families and midwives // Susanne Grylka-Baeschlin et al.
- 8306 // Myths and beliefs in postpartum // Maria de Fátima S. V. Martins
- 8630 // Postpartum and suffering: a qualitative research about puerperal depression // Lorena Cronemberger

SPS.4. Organisational Perspectives V

- 8267 // Assessing emotional aspects of intrapartum caregiving - development and testing of the Responsiveness in Perinatal Care index // Julia Leinweber et al.
- 8618 // Experiences of midwives performing antenatal cardiotocography in a Dutch primary care setting: a qualitative study // Marit Van Der Pijl et al.
- 8648 // Plateaus in childbirth as an element of moving forward - an empiric research about resting periods in labour // Nele Krüger

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

SPS.5. Neuro-psycho-social Perspectives II

- 8284 // Effects of Mental Contrasting with Implementing Intentions (MCII) versus Standard Pregnancy Care on Childbirth Self-efficacy: study protocol for a randomized controlled trial // Laura Zisser et al.
- 8635 // Validation of a Spanish version of the Being a Mother scale (BaM-13) // Anna Riera-Martin et al.
- 8671 // Improving the care of the primipara - Continuous professional support and implementation of a time out model during labor to increase maternal birth satisfaction and improve labor outcomes // Linda Rilby; Karin Larsson

SPS.6. Dissemination of Acad. Knowledge II

- 8647 // Implementing a screening programme for perineal repair outcomes the first week postpartum // Sara Kindberg et al.
- 8243 // A pragmatic randomized controlled trial involving women undergoing elective CS: from an idea, to overcoming challenges in its implementation // Aliona Vilinsky-Redmond et al.
- 8665 // Building trust to childbirth: development and evaluation of a programme // Ana Paula Prata et al.

11:15am / Parallel session C

C.1. Biomedicine III

- 8283 // An evaluation of the impact of a maternal obesity service on pregnancy outcomes // Hora Soltani et al.
- 8331 // Is the persistent occiput posterior position influenced by the placenta location? // Anna M Falgueras Serrano et al.
- 8677 // The acid-base status: is it necessary after every delivery? // Elena Ciarmoli et al.
- 8637 // The inductions and stimulations situation in low-and medium-risk births in a sample of public hospitals in Catalonia // Francisco Javier Espada Trespalacios et al.
- 8674 // Nurse midwives and midwives childbirth care training to improve maternal and neonatal indicators in Brazil // Rosemeire Sartori Albuquerque et al.

C.2. Organisational Perspectives VI

- 8620 // Reasons for transfer during planned homebirth. Are there any differences among primiparous and multiparous women? A case-study in Catalonia // Lucia Alcaraz-Vidal et al.
- 8617 // First-time mothers' health in the year before pregnancy // Deirdre Daly et al.
- 8273 // Midwifery Services in Latin America and Caribbean countries: a multisite descriptive study // Lorena Binfa

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

- 8321 // Models of maternity care in Europe for women with no or low risk obstetric factors: Comparison of funding systems, care facilities and health care professionals involved // Ramon Escuriet et al.

C.3. Socio-cultural Perspectives VI

- 8675 // “What is right”: A Socio-cultural Perspective on Homebirth, Moralities and Human Rights in the Czech Republic // Ema Hresanova
- 8634 // The normalization of violence in hospital birth and the stigmatization of home birth in Portugal // Catarina Barata; Francesca De Luca
- 8373 // Women on the move. Why midwives and pregnant women travel long distances // Alena Pařízková; Jette Aaroe Clausen
- 8623 // Midwifery students’ attitudes, knowledge and experience toward conscientious objection // Antonella Nespoli et al.
- 8652 // Midwifery students’ reactions to ethical dilemmas encountered in family planning outpatient clinics in Turkey // Serap Ejder Apay et al.

C.4. Organisational Perspectives VII

- 8324 // Women’s satisfaction with the care received at the maternity ward and at home: a cross-sectional study // Katrien Beeckman; Lynn Geerinck
- 8644 // Caring compromise or compromising care? A qualitative study of the maternity care systems in Germany and the United States // Imogen Raye Minton
- 8334 // Beyond statistics: the social, professional, and legal status of out-of-hospital births in Europe // Mário JDS Santos et al.
- 8387 // Midwives’ contribution to normal childbirth care: multicenter study in the Public-Health Service of Galicia // Maria Dolores Martínez-Romero et al.

C.5. Neuro-psycho-social Perspectives III

- 8266 // Concept analysis of humanisation // Mary Curtin; Patricia Leahy-Warren
- 8384 // Does infants’ caregiving experiences matter? Children’s behavioral and autonomic stress responses to an infant cry // Monique Maute; Sonja Perren
- 8622 // Socio-philosophical perspectives of maternal care // Stella Villarmeia
- 8636 // Mother’s motivations to choose a home birth in Andalusia, Spain // Fatima Leon-Larios et al.

C.6. Dissemination of Acad. Knowledge III

- 8268 // Effects and reach of Antenatal Group Care In the Netherlands // Marlies Rijnders; Matty Crone
- 8270 // Health professional’s perceptions for expectants parent’s learning needs around pregnancy, birth and early life of the infant in Cyprus // Eleni Hadjigeorgiou et al.

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

- 8631 // Evaluation of a training package for midwives with the collaboration of Midwifery Unit Network European partners: Czech Republic, Bulgaria and Italy // Laura Batinelli; Lucia Rocca-Ihenacho
- 8242 // Towards user-centered digital childbirth education // Marjaana Siivola
- 8663 // Women's experiences in labour as an indicator of safety: Towards an understanding of the somatic-dynamic experience of labouring women // Nancy Stone

12:30pm / Break for lunch

2:00pm / Musical performance by the ISCTE-IUL Choir

2:30pm / Flash session - Asking different questions: innovation in childbirth research and practice

- Healthy birth settings. An emerging architectural challenge // Nicoletta Setola
- Infrared thermal imaging in maternity care // Anastasia Topalidou
- Innovation in the dissemination of knowledge // Olga Gouni
- Redefining a profession through practice // Yoana Stancheva

2:50pm / Plenary 5: The future of right maternity care: a view from stakeholders

- Sara do Vale - European Network of Childbirth Associations & Assoc. for the Rights of Women in Pregnancy and Childbirth
- Rita Borg-Xuereb - International Confederation of Midwives
- Diogo Ayres-de-Campos - FIGO Committee for Safe Motherhood and Newborn Health & European Assoc. of Perinatal Medicine

4:00pm / Closing Ceremony and Prizes

- The scientific committee awarded 3 prizes of the best poster presentations, and 3 prizes for the best oral presentations. Each prize was constituted by a Portuguese souvenir, an Amazon eGift voucher of 100€, and the publication of the abstract in the indexed journal *The Practising Midwife*
- 3 best oral presentations
 - Factors influencing decision-making for caesarean section: An Irish perspective // Sunita Panda; Cecily Begley; Deirdre Daly
 - Mothers' views about care provided during childbirth in the Netherlands: the aspects of care they value most and the suggestions for improvement // Maria Villamarin; Rofayda Tagmount
 - Midwives' and Health visitors' perspectives and experiences of breastfeeding support for overweight and obese women // Yan-Shing Chang; Debra Bick
- 3 best posters
 - The role of a specialist bereavement midwife. Pregnancy loss and perinatal death clinical guideline // Maria D. Cerdan; Anna Collado; Zulema Romero; Maria Dolores Carballo; Lidia Martinez; Beatriz Canalis

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

- Experiences of midwives performing antenatal cardiotocography in a Dutch primary care setting: a qualitative study // Marit Van Der Pijl; Ellen Tiel Groenestege; Corine Verhoeven
- The effects of induction of labor prior to post-term in low-risk pregnancies: a systematic review // Mette Juhl; Eva Rydahl; Lena Eriksen

4:15pm / End of day 2

Permanente Poster Exhibition

Biomedicine

- 8274 // Perineal continuous suture effectiveness: Clinical trial protocol // Maria Jesus Gutierrez Martin et al.
- 8354 // Relation between Epidural Analgesia and severe perineal laceration in childbearing women in Catalonia" // Laura Garcia-Lausin et al.
- 8645 // The influence of birth plan on delivery care among women attended by the Public health System in Brazil // Sibylle Emilie Vogt et al.
- 8265 // Prospective study of midwifery contribution to normal birth attention // Maria Jesus Gutierrez Martin et al.
- 8670 // Castor oil for induction of labor. Effectiveness of its use // Ariadna Polo Zamorano et al.
- 8657 // The effects of induction of labor prior to post-term in low-risk pregnancies: a systematic review // Mette Juhl et al.
- 8639 // Consequences of caffeine consumption during pregnancy // Silvia Piqueras Villanueva et al.
- 8646 // Need for supplementation with vitamin B12 during pregnancy and breastfeeding // Lorena Mera Rodriguez et al.

Biomechanics & Bioengineering

- 8295 // Efficiency of the modified Sims maternal position in the rotation of persistent occiput posterior position during labor: A randomized clinical trial // Vanessa Bueno-Lopez et al.
- 8624 // Position - the little known pressure system creating outcomes in birth // Gloria Esegbona
- 8625 // Wrong leg position during pushing and second stage outcomes: a global public health crisis // Gloria Esegbona

Socio-cultural Perspectives

- 8281 // Clinicians' views of factors influencing decision-making for caesarean section: A systematic review and metasynthesis // Sunita Panda et al.

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

- 8400 // Promoting sexual and reproductive health in schools: characterization of individual contexts in a sample of Portuguese pregnant adolescents // Paula Saraiva Carvalho et al.
- 8640 // Existential perspective on parental relationship after childbirth – what to expect? // Christina Prinds et al.
- 8642 // Birth Plan: the experience of women attended by the Public Health System in Brazil // Sibylle Emilie Vogt et al.
- 8664 // Dietary Interventions for overweight and obese pregnant women // Reeta Lamminpää et al.
- 8306 // Myths and believes in postpartum // Maria de Fátima da Silva Vieira Martins
- 8357 // Structured organisation of postpartum care: benefits for families and midwives // Susanne Grylka-Baesclin et al.
- 8630 // Postpartum and suffering: a qualitative research about puerperal depression // Lorena Cronemberger

Organisational Perspectives

- 8681 // Birth as a professional experience - results from a survey to Portuguese midwives and obstetricians // Dulce Morgado Neves et al.
- 8286 // Assessing our performance in maternity care // Clara Garcia-Terol et al.
- 8316 // Does an antenatal educational programme decrease adverse pregnancy outcomes among obese pregnant women in Kurdistan Region of Iraq? // Aven Hajimam
- 8337 // The effect of continuity of care on the physical and mental health of mother and child in the postnatal period: a systematic review // D'haenens Florence et al.
- 8601 // Having a baby in our hospital // Vanessa Lozano et al.
- 8615 // Networking of independent midwives in Switzerland // Astrid Krahl et al.
- 8651 // Providing continuity of carer: a year in the life of a caseloading midwife // Karen Hagan
- 8658 // The role of midwife as a case manager in the placenta accreta // Pablo Rodríguez Coll et al.
- 8703 // Integrating doulas into hospital births: provider perceptions of doulas and doula care // Kira Neel et al.
- 8267 // Assessing emotional aspects of intrapartum caregiving - development and testing of the Responsiveness in Perinatal Care index // Julia Leinweber et al.
- 8618 // Experiences of midwives performing antenatal cardiotocography in a Dutch primary care setting: a qualitative study // Marit Van Der Pijl et al.
- 8648 // Plateaus in childbirth as an element of moving forward - an empiric research about resting periods in labour // Nele Krüger

Neuro-psycho-social Perspectives

- 8310 // Exploring women's attitudes on incontinence in pregnancy and the puerperium // Joanna Ghigo

From Birth to Health

Towards Sustainable Childbirth

17-18 Sept. 2018

Lisbon - Portugal

- 8638 // Risk perception about teratogenic effects of alcohol consumption in pregnant women // Isabel Corrales Gutiérrez; Fatima León Larios
- 8303 // The role of a specialist bereavement midwife. Pregnancy loss and perinatal death clinical guideline // Maria D. Cerdan et al.
- 8650 // Bonding of women and men // Katarína Greškovičová et al.
- 8284 // Effects of Mental Contrasting with Implementing Intentions (MCII) vs. Standard Pregnancy Care on Childbirth Self-efficacy: study protocol for a RCT // Laura Zisser et al.
- 8635 // Validation of a Spanish version of the Being a Mother scale (BaM-13) // Anna Riera-Martin et al.
- 8671 // Improving the care of the primipara // Linda Rilby; Karin Larsson

Dissemination of Academic Knowledge

- 8318 // Shoulder dystocia simulation-based workshop // Zulema Romero Aguilar et al.
- 8602 // Perineal injuries // Vinyet Soler et al.
- 8195 // Evidence on term breech since the 2000 Term Breech Trial // Rixa Freeze
- 8647 // Implementing a screening programme for perineal repair outcomes the first week postpartum // Sara Kindberg et al.
- 8305 // The family centered care: the midwives perspectives // Maria de Fátima S. V. Martins
- 8243 // A pragmatic randomized controlled trial involving women undergoing elective CS: from an idea, to overcoming challenges in its implementation // Aliona Vilinsky-Redmond et al.
- 8665 // Building trust to childbirth: development and evaluation of a programme // Ana Paula Prata et al.
